

Dragged City

Dragged City is a project designed for the shared spaces of cities. We are constructing unique carts and attachable devices that drag behind bicycles. Human energy will pull and power mobile cook-outs, large road-drawings, a kitchen and bar, musical tones, a library of printed materials, a toilet for women and other practical and spectacular functions. We will ride the bicycles and encourage others to join us.

Ciudad Arrastrada

Ciudad arrastrada es un proyecto diseñado para los espacios compartidos en las ciudades. Estamos construyendo carritos y objetos únicos enganchables que serán jalados por unas bicicletas. Energía humana jalará y activará asadores móviles, grandes dibujos camineros, una cocina y un bar, tonos musicales, una biblioteca de materiales impresos, un baño para mujeres y otras funciones prácticas y espectaculares. Nosotros vamos a montar las bicicletas y a alentar a otros a hacer lo mismo.
